

GIG BUDDIES NOERTHERN BEACHES HUB COORDINATOR

PROJECT OUTLINE AND OVERALL PURPOSE OF THE ROLE:

Going out to see bands or catching up with friends is part of everyday life for many people. However, many people with learning disability often need extra support to access mainstream social activities.

The Gig Buddies project addresses social isolation for adults with mild to moderate learning disabilities and/or autism by pairing up participants (adults with disabilities) with volunteers - both of whom share mutual interests and attend events together.

To assist the growth of the project on the Northern Beaches, we are recruiting a “hub coordinator” to work with the Sydney team to connect with existing and potential service users based between Manly and Palm Beach.

ABOUT THE ROLE

The Gig Buddies Northern Beaches Hub Coordinator will be the first point of contact for Gig Buddies’ participants and volunteers based in Sydney’s Northern Beaches (Manly to Palm Beach). Responsibilities include working with the Gig Buddies team to raise awareness of the project, sourcing potential participants and volunteers, and providing ongoing support to our existing participants and volunteers based within the region. Additionally, connecting and maintaining relationships with disability service providers, supporters, local businesses, council and community groups is also a crucial part of this role.
